CERTIFICATIONS

Center for Professional Education (by The University of Texas at Austin)

Dec 2022

Full Stack Web Development Bootcamp

The program spans from front-end to back-end, incorporating libraries, frameworks, APIs, and database query programming. It integrates weekly coding exercises, pair coding, and three group projects.

EDUCATION

Texas State University

May 2018

Bachelor Jazz Music Study

- GPA 3.52
- Dean's List

PROJECTS

Samuel's Portfolio (*JavaScript, React, Tailwind, CSS*)

Introduce Samuel's backgrounds, projects, skills, and experiences. Setup contact page that audiences can directly send email to Samuel for networking.

Samuel's Studio (*JavaScript, React, Tailwind, CSS*)

Music web app that offers music theory information and tools. Overall goal is to let users register accounts and open forums to discuss musical topics; working toward MERN stack techniques.

Tomato Clock (*HTML, CSS, JavaScript*)

Tools for users to set working or practicing routines.

Weather Dashboard (*HTML, CSS, JavaScript, Bootstrap, API*)

Let users search for 5 day weather forecasts in different regions with API techniques.
